Campbell To Have A National Bank

Business is steadily growing in all lines
THREE CANNERIES TO DOUBLE OUT-PUT

The plans of the parties interested have developed to such an extent that it is now possible to announce to the community that Campbell will soon have another Bank, word having just been received from Washington, D. C., that a Charter has been issued to the First National Bank of Campbell to open for the transaction of business.

A meeting of the subscribers to the Capital Stock will be held in the banquet room of the I. O. O. F. building on Friday evening the

21st at 7:30 for the purpose of electing a Board of Directors and officers for the new institution, with the possibility of the selection of a Cashier.

One matter to be definitely decided is that of the name of the Bank, for while the Charter has been granted, as mentioned, the majority of those interviewed in this matter seem to prefer that it should be known as "The Growers' National Bank of Campbell." These various matters will be discussed and decided at the meeting.

Hyde Will Erect New Canning Plant

In keeping with increase of business, the Geo. E. Hyde Company, one of Campbell's big fruit packing firms, has plans under way for the erection of a new canning department building, between the cutting department and the Water Company's plant, running south to join with the present canning building. The canning room will be converted into a cook and cooling room, which became too small for a big day's run.

Mr. Geo. E. Hyde, who is now in the east, this week purchased five new Hawkins exhaust boxes, which were the last to be had of the Sprague Company at the present time. The daily capacity will be increased 50 per cent by these improvements, but the convenience of handling will be the greatest gain. By the new arrangement, fruit will travel from receiving room to storage in a continuous route in three sides of a square, around the engine room and welfare building.

An immense box storage building is now being completed south of the new warehouse, and the new machine shop is being equipped with pipe-cutter and threading machines, lathe, press drill, forge, emery wheels and carpenters' bench. A cottage will be built for the manager of the cafeteria, which is to be enlarged to occupy the entire present building, and a large motor shed will be erected to accommodate autos of the help.

The Company has purchased the Mrs. Mary Whitmore property on South Central avenue, and the house is to be remodeled for a kindergarten. It has also purchased ten lots on Central and Dillon avenues, of Mr. S. G. Rodeck, and as soon as possible will begin the erection of twenty new cottages, in which to house its help next season.

Remember the Yankee Shoe Shop around the corner. J. S. Fay, proprietor.

Karl Bohnett came up from his shoot ranch last week to run the tractor for Floyd a few days, returning yesterday.

Mr. and Mrs. Lloyd Selig, Mrs. R. E. White and Miss A. Denton took a pleasure motor trip to Sacramento Saturday, returning Tuesday, "just to get away from the chickens," and enjoyed the change very much.

Ainsley Company Builds New Cannery

The J. C. Ainsley Packing Co. has begun clearing ground for a brand new cannery on Harrison and Hopkins avenues. The new plant will be 120x180 feet, extending from Harrison avenue to the warehouse on the Southern Pacific tracks. The equipment will consist of new modern machinery to facilitate the handling of fruit, and altho the capacity of the old plant will be nearly doubled, the chief aim in the construction of the new building will be convenience.

The sorting room will be moved north 30 feet and connected to the new plant by a new two-story building, 60x80 feet. The ground floor will be used as a welfare rest room for the ladies and fruit storage, the second floor for can storage. The old plant will be used for storage of fruit, especially pears, and extras, and packing of specialties.

When the prospective building is completed the entire block surrounded by Campbell, Harrison and Hopkins avenues and the S. P. tracks, will be occupied by this modern hive of industry, employing a small city of help.

The building and equipment of the new cannery and alteration of the old plant will mean an outlay of about \$75,000.

Mr. Ainsley's fine residence, now on Harrison avenue, will be moved to North Second street opposite Ralston Alison's new house, the move being made next week. The cottage will be moved from the corner lot to the one between the Mrs. Dunham and Frank Merrill homes. As soon as possible ground will be broken and a new home will be built for Mr. Ainsley at the corner of Hamilton and Johnson avenues, the family living on Second street until the new house is built.

Locals and Personals

Ralston Alison went to Porterville Wednesday to harvest his orange crop.

Mr. and Mrs. H. C. Smith spent Friday and Saturday at San Francisco in attendance at the state Press Association.

Mrs. Esther Ferguson, formerly of Campbell, passed away suddenly last week while on a visit to relatives in Nevada.

Ralston Alison is building a new modern, six-room bungalow, next to the Walter Stray home, on North Second street.

The Santa Clara county Triangle Club was the first to be organized in California, Los Angeles came into line on Armistice Day.

Born:—To Mr. and Mrs. Jas. Donohue, at Sunnyvale, November 17, 1919, a daughter. Great rejoicing in the grandparents' camp over the new "boss."

Every member of the Country Woman's Club is urged to be present on Monday afternoon, as matters of importance will be discussed at that meeting.

Dr. A. B. Townsend, Mrs. Lillie F. Shaw and Mrs. W. T. Alexander were chosen as delegates of the local Congregational church to the district conference held in Sunnyvale this week.

A Thanksgiving List

If you are invited out on Thursday next you won't be interested in this list; so don't bother with it. But if you are to serve dinner on that day, don't fail to examine these items, for you'll need some of them.

Metropolitan Brand Oysters:—They're from Baltimore, from whence come oysters with a flavor, as you will admit when you taste of these in soup, or scalloped. 25c a can isn't expensive, either, for good oysters.

Kodiak Salmon:—There's a true Alaskan smack in the name "Kodiak"—and it's solid, dark red fish from the deep sea. Now for deviled salmon—but you'll know how to use it. The price is 30c.

We can't sell you either poultry or fresh meats, but we've the spices to season the trimmings for both. By spices we mean spices that are good, spices with life to them. Whether it is Sage, Mace, Thyme, Marjoram, or any others, down to common Pepper, there'll be a flavor that will not disappoint. If you haven't tried Folger's ground spices they'll be a revelation to you.

Vegetables:—One needn't worry about what is in or out of season, not when there are so many good things in cans. There's Del Monte Asparagus at 40c, Del Monte Extra Special Peas at 25c, Cluff Lake County Stringless Beans at 20c. And then there's Del Monte Pumpkin, too, at 15c, for those pies.

Olives:—Note this especially—We have a new stock of Bell Olives, in cans, that are about the best we've tasted in many a long day. They're large, black, firm and sweet. Don't miss these! Pint cans, 25c.

Cranberries:—You have never seen better quality. 20c a pound.

Pop Corn:—You'll need that for the jolly, long evening. Don't forget it. Especially priced at 15c a pound.

W. C. T. U. Notes

Campbell Woman's Christian Temperance Union met in regular session at the home of Mrs. A. J. Farley, November 11, 1919. In the absence of the president, Mrs. Farley, vice president-at-large, presided. Following the devotional service, declaration of principles and reading of the minutes of the previous meeting, Mrs. Newcomb reported having received scientific temperance leaflets as aids in the prize essay work, and given to Principal Bohnett.

It was decided to invite state and county W. C. T. U. officers, beside a long list of other friends, to the Silver Anniversary of the organizing of the Campbell union. It is planned to make the affair a noteworthy occasion. The date is Friday evening, Dec. 12, 1919. Meeting adjourned to meet with Mrs. C. H. Whitman, Nov. 26, at 2:30 p. m.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

SCOUTS SHOW UP HUN WORK

The black walnut census which the Boy Scouts of America made for the government during the war, and which resulted in their locating 20,000,000 feet of the valuable timber which could be converted into airplane propellers and gunstocks, disclosed the alarming fact that the tracts of forest populated with these trees in years gone by are now no more. When the emergency arose the forest service was compelled to report that there were no known tracts of this particular timber.

Investigation showed that as far back as 20 years ago, and again 10 years ago, German agents toured through the country, found these tracts and paid what, at that time were considered fabulous prices for the lumber.

Little did the farmers and landowners dream that some of these very trees would be used as the stocks of German guns to be pointed by the thousand at our American and allied soldiers.

True to their slogan of preparedness, however, the army of boy scouts who took part in the recent census for the government, planted black walnut as they went along on their work, five for each tree cut down, so as to insure against any such dearth in the future.

They gathered as many of the nuts as they possibly could, and along the fences and roads and in the hollows (selecting low, moist ground), they placed the seed, breaking the hull with their heel, but not removing it, and then dropping it into a hole, which they covered level with the rest of the ground.

SCOUT PROVES HIMSELF A HERO.

Denton McBean, a twelve-year-old Spokane boy scout, is the hero of his troopmates.

Because of the quick action of the young scout, Raymond Rice, returned war hero and uncle of the boy, is alive now, instead of drowned in the waters of Twin lakes.

Hero of battles on the French front, wearer of the distinguished service cross for unusual bravery, and a wound stripe, Rice became exhausted while swimming in the waters of the lake.

Superior Judge R. M. Webster, an eye-witness to the heroic rescue, told the story:

"Denton heard the cry from the beach that a man was drowning. Without removing his clothing he sprang from his cot and dashed to the end of the pier and plunged into the water. Rice had already gone down twice when the lad came up to him.

"There was no hesitancy on the part of Denton, who seized the drowning man by the clothing at the back of his neck and began to tow him toward the shore. Once Rice, in his delirium, seized a young woman near him and would have carried her under, but Denton quickly struck him on the wrist and ordered him to free the girl.

"It was the coolest and most thorough rescue of a drowning man I have ever witnessed."

SCOUT SAVES LIFE OF FRIEND.

An Ogden (Utah) boy has recently given a practical demonstration of boy scout first aid in saving the life of a companion, who had fallen from a horse, and cut himself severely on a bottle, severing an artery.

The scout immediately put into practice his scout knowledge of first aid, making a tourniquet to stop the serious blood flow until the injured lad could get medical aid.

Dr. E. Rich, who was summoned to the lad, declared that in all probability the scout saved the injured boy's life, and complimented him on the able manner in which he had rendered first aid.

SCOUT TROOP ALL RED-HEADED.

As to unusual scout organizations, there's one being formed in Kansas City by Carl Pickwell, who will admit only red-headed boys.

He has already recruited eight "red-heads" and is sure that the remainder of the required 32 will be tenderfoots before the passing of another moon.

No, he hasn't specified any particular shade of red—auburn, chestnut, henna, bright red, dark red, red to scare a bull—any red so long as the dome that tops the applicant's anatomy is of a scarlet hue. Won't it be some troop?

Los Angeles.—Burglars secured furs valued at more than \$4000 by breaking the show windows of the A. E. Colburn shop at 806 South Broadway. Among the articles stolen were three sealskin coats, a moleskin coat and a moleskin scarf.

JAPANESE HAS HER HEART, WIFE CONFESSES

Wife of Peruvian Consulate Secretary Says Her Marriage Was Forced

San Francisco.—Luis Divizia Villacorta, former secretary of the Peruvian Consulate, 510 Battery street, petitioned the Superior Court November 13 to annul his marriage May 7 to Mrs. Maybelle Herman Villacorta, for fraud. He says she falsely represented to him that she loved him and desired to be a good wife but that he learned September 1 "that she had no love for him and did not intend to be his wife, but induced him to confer that dignity on her in order to assume the position of a married woman and thereby more skillfully conceal the illicit relations with, and love for, another man."

Mrs. Maybelle Herman Villacorta at her home, 168 Twentieth avenue, denied that she had practiced fraud upon Villacorta.

"My relations with Villacorta have been based upon the agreement into which we entered before my marriage to him last May," Mrs. Villacorta said. "He knew that I had been engaged since 1914 to Tokio Kahtow, who was connected with the Japanese Beautiful exhibit at the exposition and is now a ship broker in Tokio. I told Villacorta at the time of my marriage to him that I cared deeply for Kahtow, but that in response to the wishes of my family, who had prevented our marriage last March, I would make an attempt to forget him.

"After six months of marriage to Villacorta I found that I could not meet the terms of my agreement with him. I told him I could not forget Tokio Kahtow and that I was not willing to give up other Japanese associations and friendships which I formed since my first meeting with Kahtow in 1914. I shall not be sorry to have my marriage annulled. I have decided to leave California for a time at least, and I have secured my passage to Japan for the early part of February."

Mrs. Villacorta was at one time the wife of H. E. Ulnier of this city and met Kahtow shortly after her divorce from Ulnier in 1914. Last April Kahtow was accused by Harry E. Pybon, 115 Twelfth avenue, brother-in-law of Mrs. Villacorta, of having made an attempt to kidnap her, and the couple were arrested in Portland on his complaint. Upon the statement being made by Mrs. Ulnier that she had accompanied Kahtow of her free will and with the intention of becoming his wife in Portland she was released and permitted to return to San Francisco. Her marriage to Villacorta followed within a few weeks after her return.

BANK ROBBED BY BANDIT AGED 60

Redding.—A lone, unmasked bandit, 60 years of age and wearing long whiskers, held up the Trinity County Bank at Weaverville at 11:50 o'clock Thursday morning, November 13. He took \$14,000 and escaped on a horse which he stole, after selling it earlier in the day. The cashier, Herbert Grey, was alone when the bandit entered, as though to transact business. He called Grey to the side door and then covered him with a revolver.

"I want all that money," said the bandit, keeping his gun on Grey and stuffing greenbacks and gold into a bag.

The bandit had been around Weaverville for two or three months, pretending to be a prospector, Grey said. He went by the name of Davis or Murdock. He is about 60 years of age, of stocky build, and wears whiskers and a soldier's hat. He is light complexioned and the bridge of his nose is broken.

BAR ON MONEY DRIVES URGED IN PORTLAND

Portland.—The president's council, composed of heads of the civic and business organizations here, sent a communication to Mayor Baker and the city commissioners asking that no more permits for drives and soliciting campaigns be issued during the rest of the year. It is charged by the president's council that the city has been overtaken by a species of campaign epidemic.

Bat on Shoulder Called Good Luck in Poker Game.

Canton, O.—Mystery surrounding the purchase of live bats at \$10 by Cantonians was solved when one of the purchasers explained that bats bring good luck.

During the last several weeks a number of bats have been sold in Canton. Advertisements have been run in the newspapers and many persons are anxious to obtain them.

"If you keep a bat in your pocket or let it perch on your shoulder when you sit in a game of cards, you are sure to have good luck," remarked one bat owner. He added he knew a man in Chicago who owned a bat and he always had good luck.

JUVENILE ROBBERS OF BANK ARE SENTENCED

Extravagance of Rich High School Pupils Cause of Boys' Fall

Oakland.—Envy of high school youths who maintained automobiles and lived lavishly, was set forth as their reason for robbing banks in San Francisco and Emeryville, by Wallace Hall and Clifford Jackson, both 18 years old, who were committed by Superior Judge Lincoln S. Church, sitting in the juvenile court proceedings at the Oakland Detention Home, to the State Reform School at Preston. In frank admissions, the boys told in detail how they had obtained \$13,000 in daylight robberies of the messenger for the Bank of California in San Francisco, and of the First National Bank of Emeryville.

That the two youths required discipline such as is imposed in a reformatory was pointed out by Judge Church. Marking a new departure in the commitment of youths, the Court ordered that the parents of the two lads pay for the support of their sons in the school. Heretofore, the county has been required to appropriate money for the maintenance of minors in reformatories. Investigations are being conducted, however, by Judge Church to compel the parents of wayward children to take this burden from the county.

Hall and Jackson told the Court they became envious of the sons of wealthy parents when they were compelled to work after school to continue their studies while the wealthy youths led a life of apparent ease and enjoyment. They said the constant sight of money in the Bank of California, where they were employed, was a tempting factor. A recommendation that probation should be denied the youths was embodied in testimony of C. L. Burnham, president of the Emeryville bank. He urged the youths should be sent to a penitentiary as an object lesson to other youths criminally inclined. Dr. J. E. Ball, psychiatric specialist, pronounced the youths affected by adolescent instability.

After gaining possession of the money the two boys fled to Los Angeles, where they represented themselves as the sons of millionaire parents. They spent their money lavishly on clothes, gambling and women. One of the boys, Hall, wedded an actress, Miss Betty Alexander.

CONVICT FACING DEATH IS GRANTED RELEASE

Sacramento.—H. Heath, Folsom prison inmate, serving an indeterminate sentence of from one year to life for burglary committed in Fresno county, took the witness stand at the trial of John St. Clair, life term prisoner, charged with an attack upon J. F. Lucas, a penitentiary guard, and told the jury that he and not St. Clair, was guilty of the attack which was made with a knife in an attempt to break jail.

Heath's admission apparently was a surprise both to the defense and prosecution and if the story is sustained, Heath will be liable to the life term maximum of his sentence through action of the State Prison Board without necessity of court trial.

If the jury convicts St. Clair, he, as a life term, guilty of assault in an attempt to break prison, is liable to the death penalty. St. Clair was convicted in Tehama county of murder.

LILLIAN TROY CAN'T RETURN TO ENGLAND

London.—Replying to a question in the House of Commons as to whether Lillian Scott Troy would be allowed to return to England, Home Secretary Short said she had been deported as an undesirable alien and that for the same reason she would not be allowed to return.

Miss Lillian Scott Troy, of San Francisco, arrived in New York last April after being deported. One ground for objection to her presence in England was said to have been that she had worked to secure the release of Baron Louis von Horst, interned by the British government in 1914. She was an assistant in the management of his companies.

JEAN LOUIS NICODE GERMAN COMPOSER, DIES

London.—The death of Jean Louis Nicode, the distinguished German composer, at Leipzig is announced in a German wireless dispatch. Nicode was born near Posen in 1853. He made his reputation at the piano and as conductor successively of the philharmonic concerts and of the Neustadt male chorus at Dresden. Among the best known of his works is "Das Meer," a symphonic ode.

FRENCH GIRLS TAKING CHINESE LABORER HUSBANDS

Paris.—The increasing number of marriages between French girls and Chinese laborers in France has resulted in the Minister of the Interior warning French women that most of the coolies already have wives in China, where, upon arrival with their husbands, they would be regarded merely as secondary wives.

Golden State News

TERSELY TOLD

San Francisco.—Irvin Scofield's foot was crushed in a machine at the Loop lumber yards, Sixteenth and Illinois streets. He lives at 301 Moultrie street.

Los Angeles.—Hard cider does not come under the wartime prohibition ban, according to a ruling announced by Internal Revenue Collector Carter, if nothing has been added to the cider to make it extra hard.

Visalia.—Funeral services were held here November 14 for George Frederick Rusch, owner of a tailor shop, who was killed when his automobile was run down by a Southern Pacific train at the Giddings avenue crossing. Rusch was a native of Russia, aged 53. He is survived by a wife and two daughters.

Oakland.—Gas from the kiln of the California Brick Company near Niles has injured plants and trees on the 465 acres of adjoining property to the sum of \$30,000 within the last three years, according to a complaint in a suit filed by the California Nursery Company.

Stanford University.—Announcement was made on the campus of the marriage of Herbert Dunn, Stanford man of the class of 1918, and Miss Mary Taylor of Fresno. According to the society columns of the student paper, the Daily Palo Alto, Dunn will bring his bride to Stanford and complete his University training. Miss Turner is a member of the Delta Delta Delta sorority, and during the past two years attended the University of California. Dunn served in the war as a Lieutenant in the air service.

San Francisco.—Police are looking for two missing girls. Frances Anzelone, 18 years old, 136 Winfield street, has been absent for three days, says her father, Tony Anzelone. She left home three days ago to go to her place of employment, Nathan Dohrmann Company, but failed to arrive there. She is five feet tall, weighs 110 pounds and has blond hair. Carrie Olsen, 2544 Fillmore street, 22 years old, left home, reports Hannah Lingelhart, 1005 Chestnut street, a sister. The young woman left without taking any of her effects. She is five feet, six inches tall, weighs 110 pounds and has blond hair.

San Francisco.—Echoes of 1776 resounded in the divorce complaint filed in the Superior Court by Mrs. Dorothy Pollard against William H. Pollard. She says he is an Englishman. She was born a Yankee, and is proud of it. She says he continually belittles her and the people of the United States, asserting they are far inferior to those of England, and that England will yet "teach them a lesson." She says that although he makes more than \$300 a month he gives her only fifty cents at a time, makes her sign a receipt for it, and account for the manner in which she spends it. She asks the court to grant her a divorce and \$100 a month.

Visalia.—Brent Harding, former racing driver and nationally known as representative of a European car, exemplified his reputation for speed when he came to get married. Harding arrived here at 11 p. m., routed out the county clerk and secured his license; secured the Rev. F. G. Watson, who performed the ceremony a short time after midnight; had a wedding supper served immediately thereafter, and Mr. and Mrs. Harding were on their way to San Francisco by motor before morning. Mrs. Harding was formerly Miss Alice B. Hill of Denver, Col. Accompanying the couple, who confessed it was a "runaway" match, were Miss D. Lillian Sergeant of Fresno and A. M. Golstein of San Francisco.

Redwood City.—Resolutions favoring legislation to control Japanese immigration to the United States have been adopted by the Redwood Native Sons. The resolutions are an outgrowth of the leasing of lands to Japanese farmers in the heart of the exclusive country home district in Menlo and Atherton. The Japanese were brought to this section in competition with white labor, but instead, have become competitors in business. Wealthy residents recently held an indignation meeting and protested to the supervisors. A resolution sent to the California Senators and Congressmen urges: The cancellation of the "gentlemen's agreement." The exclusion of "picture brides." Rigorous exclusion of Japanese as immigrants. Legislation forever barring Asiatics from American citizenship.

DEAD IN FRANCE

Washington.—The War Department has received 40,000 requests from relatives for the return of the bodies of soldiers dead in France. Colonel E. W. Anderson, assistant city attorney of Richmond, Va., told the House Foreign Affairs Committee. Representative Flood, Virginia, ranking Democratic committee members, said this had caused a "turnabout in the policy of the War Department and that the bodies would be returned as soon as arrangements could be made with the French Government."

TO BE RETURNED

There are Confederate soldiers' homes at Atlanta, Ga.; Austin, Tex.; Beauvoir, Miss.; Columbia, S. C.; Hermitage, Tenn.; Higginsville, Mo.; Jacksonville, Fla.; Little Rock, Ark.; Mountain Creek, Ala.; New Orleans, La.; Pewee Valley, Ky.; Pikeville, Md.; Raleigh, N. C.; Richmond, Va., and Washington, D. C.

Old Dobbin Still on Duty

Horses have not been entirely displaced by the automobile, though few cities could show a regular hackstand such as this one bordering a popular Washington park. The horse-drawn vehicle is a favorite for pleasure riding in the capital, especially in Rock Creek park and the Speedway where a slow pace is desirable.

Less Wheat for 1920

Reduction in Acreage Is Advocated

A reduction in winter wheat acreage from that of last year, and to a pre-war five-year average is advocated for farmers by the United States department of agriculture in a bulletin recently issued. It recommends that an acreage of 42,000,000 bushels winter wheat be seeded for the 1920 crop and that next spring 20,000,000 bushels of spring wheat be seeded. Under normal conditions this would give a wheat crop of 830,000,000 bushels. It would be enough for normal consumption, and give an exportable surplus of 200,000,000 bushels. A rye acreage of 5,500,000 to 6,000,000 bushels is advocated. A crop of 75,000,000 bushels would give 50,000,000 bushels for consumption and 25,000,000 bushels for export.

Chronometer Exceeds Its Previous Record, Varying Six-Hundredths of Second.

Showing a daily variation of but six one-hundredths of a second, says the Philadelphia Record, a chronometer entered in the competition at the Geneva conservatory exceeded the former record made in the year 1891 by one hundredth of a second. One hundred and sixteen chronometers were entered in the 1918 contest, against 132 in 1917 and 106 in 1916. Of these 116 entries, five were marine chronometers and 111 pocket chronometers or watches, two of the latter being complicated pieces.

Professor Raoul Gautier, of the Industrial Arts society, writes Consul Lewis W. Hassel from Geneva, in reading a report on the competition, gives some interesting details on the tests which are made to determine the accuracy of the timepieces. The chronometers are graded on a scale of 1,000 points. The ideal watch would be granted 300 points for its daily precision, 300 points for its ability to support changes of position, 300 points for its ability to support changes of temperature, and 100 points for its ability to resume its normal precision after the changes of position and temperature. The different deviations of time are quoted in hundredths of a second. The maximum allowed at the Geneva conservatory for pocket chronometers is one-half second of deviation during one day's run, two seconds after the position has changed, fifteen one-hundredths for each degree of different temperature, and two and one-half seconds of deviation after having resumed the normal position and temperature.

Victor's Flag Is Always Placed at Top of Mast.

Originally the practice of hoisting flags on public buildings only part of the way up the flagpoles was a military one. Ever since flags were used in war it has been the custom to have the flag of the superior or conquering nation above that of the inferior or vanquished. When an army found itself hopelessly beaten it hauled its flag down far enough for the victors' flag to be placed above it on the same pole. This was a token, not only of submission, but of respect. In like manner when a famous soldier died flags were lowered not only to indicate respect to his memory, but to show that he had succumbed to the greatest conqueror of all—death, for which flag space was left at the top of the staff.

Homes for Confederates.

There are Confederate soldiers' homes at Atlanta, Ga.; Austin, Tex.; Beauvoir, Miss.; Columbia, S. C.; Hermitage, Tenn.; Higginsville, Mo.; Jacksonville, Fla.; Little Rock, Ark.; Mountain Creek, Ala.; New Orleans, La.; Pewee Valley, Ky.; Pikeville, Md.; Raleigh, N. C.; Richmond, Va., and Washington, D. C.

OF GENERAL INTEREST

Attachments have been patented that permit the use of anti-skid chains on automobiles using disk wheels.

Most of the women in Japan smoke, the girls beginning the practice when they are about ten years of age.

France is making extensive use of portable power plants up to 50 horsepower that use crude oil for fuel.

A tray which can be clamped to the bottom of a sirup jar to catch its dripping is a household novelty.

Total Oil Production in United States Last Year Was 355,920,000 Barrels

Oil production in Oklahoma last year, 103,300,000 barrels, was nearly twice its average yearly output, 53,300,000, since it began producing in 1903. California, beginning in 1881, produced 97,500,000 barrels last year, as against a yearly average of 29,200,000. Kansas, 1896, production last year, 45,400,000; yearly average, 6,500,000. Texas, 1897, production last year, 38,700,000; yearly average, 14,900,000. Louisiana, 1902, production last year, 16,000,000; yearly average, 8,900,000. Illinois, 1905, 13,300,000 in 1918; yearly average, 21,300,000. Wyoming, 1910, 12,600,000 in 1918; yearly average, 4,500,000. West Virginia, 1876, 7,800,000 in 1918; yearly average, 6,800,000. Pennsylvania, 1859, 7,400,000 in 1918; yearly average, 13,100,000. Ohio, 1884, 7,300,000 in 1918; yearly average, 15,400,000. Kentucky, 1900, 4,400,000 in 1918; yearly average, 950,000. Indiana, 1890, 870,000 in 1918; yearly average, 3,500,000. Other states, 1,350,000 in 1918. Total production last year, 355,920,000; yearly average, 76,800,000.

India Leads in Cattle Production With America Ranking Close Second

Contrary to popular opinion, the United States is not the world's greatest cattle country, says the New York Times. India has 100,000,000 more than America, though this country is second, and there are 29 countries that have more than two million each.

In the last 33 years Guernseys led by far all other breeds in numbers of purebred cattle imported into this country, and of the five breeds leading the importations four were distinctly dairy types.

More than 8,750 Guernsey cattle were imported; Jerseys ranked second in number, with Durhams, including Shorthorns, third; Holsteins fourth, and Ayrshires fifth. The volume of purebred cattle importations has been extremely variable.

These facts are brought out in a recent publication of the department of agriculture, which shows the trend of the industry in this country and its relation to the world trend.

United States Total War Casualties Reach 322,182.

The cost of the war to the United States in man power is now estimated officially as 116,492 dead and 305,690 wounded, a total of 322,182. These figures include losses to army and marine units on all fronts to September 1. Killed in action totaled 35,585, or 11 per cent of the entire list; died of wounds, 14,742; died of disease, 58,073; died of accidents and other causes, 8,092. Under the head of "missing" the announcement records a zero with the notation "all corrected."

Use Skins and Seeds.

Italian canners are now utilizing the skins and seeds of tomatoes, the former for stock food and the latter for oil, in its crude form, for soap and illumination and when refined for table use.

Oil Investments of Unusual Merit

The enormous profit possibilities of our Texas oil
investments are beyond conception.
We are offering the grand opportunity to those
who are foresighted enough to make a good
investment.
We are California men who have actually been
in the big Texas oil fields and after a thorough
investigation we do not hesitate to recommend the best
there is in oil stock or oil leases to our clients.
It is possible for small investors to put 25 or 100
dollars in our investments and realize 500% and
more on money invested in the course of a year,
sometimes less.
We believe it to be the duty of every investor to
investigate our wonderful investment opportunities
and if satisfied, to put their money into our
hands for quick profits. No wild-cat, gamble or
promotion stock is handled through our office. We
are men of experience and our knowledge of the
Texas oil situation is your protection when
investing in oil.
Call or write for circular.

In Her Nicotines.

A minstrel singer, visiting in the
home of local friends not long since,
entertained the family of his host with
several songs, greatly to the delight of
three small girls in the household.

After a song or two the minstrel ob-
served in theatrical parlance:

"My pipes seem to be a little stuffed
up."

The smallest girl left the room and
soon returned with a box, which she
handed the minstrel.

"What are these?" he asked, "throat
lozenges?"

"No," the child replied, "they're
papa's pipe cleaners."—Youngstown
Telegram.

It Works! Try It

Tells how to loosen a sore,
tender corn so it lifts
out without pain.

No humbug. Any corn, whether
hard, soft or between the toes, will
loosen right up and lift out, without a
particle of pain or soreness.

This drug is called freezone and is a
compound of ether discovered by a
Cincinnati man.

Ask at any drug store for a small
bottle of freezone, which will cost but
a trifle, but is sufficient to rid one's
feet of every corn or callus.

Put a few drops directly upon any
tender, aching corn or callus. Instantly
the soreness disappears and shortly
the corn or callus will loosen and can
be lifted off with the fingers.

This drug freezone doesn't eat out
the corns or calluses, but shrivels them
without even irritating the surround-
ing skin.

Just think! No pain at all; no sore-
ness or smarting when applying it or
afterwards. If your druggist doesn't
have freezone have him order it for
you.—Adv.

San Rafael.—Two attorneys have
applied for the appointment to suc-
ceed Superior Judge Edgar T. Zook,
whose resignation will take effect
January 1. They are District Attor-
ney Edward I. Butler and Henry
Greer. Others are laying siege to
the supervisors for the appointment
to succeed Butler as district attorney
if he is selected by Governor Ste-
phens for the bench. Among these
are Attorneys Roy C. Lewis, Thomas
L. Lennon, Joseph K. Hawkins and
Louis C. Pistolesi.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's
Vegetable Compound
Restored Her Health.

Philadelphia, Pa.—"I was very weak,
always tired, my back ached, and I felt
sickly most of the time. I went to a
doctor and he said I had nervous in-
digestion, which added to my weak
condition kept me worrying most of
the time—and he said if I could not
stop that, I could not get well. I
heard so much about
Lydia E. Pinkham's
Vegetable Compound my husband wanted me to try it.
I took it for a week and felt a little bet-
ter. I kept it up for three months, and
I feel fine and can eat anything now
without distress or nervousness."—Mrs.
J. WORTHLINE, 2842 North Taylor St.,
Philadelphia Pa.

The majority of mothers nowadays
overdo, there are so many demands
upon their time and strength; the result
is invariably a weakened, run-down,
nervous condition with headaches, back-
ache, irritability and depression—and
soon more serious ailments develop.
It is at such periods in life that Lydia E.
Pinkham's Vegetab Compound will
restore a normal healthy condition, as
it did to Mrs. Worthline.

NOTICE OF ASSESSMENT

Santa Clara Valley Water Company, a Corporation, Northeast Corner of Campbell Avenue and Central Avenue, in the town of Campbell, County of Santa Clara, State of California.

Notice is hereby given that at a meeting of the Directors held on the 6th day of Nov., 1919, an assessment of \$982.00 or \$1.00 per share was levied upon the subscribed capital stock of the corporation, payable on or before the 10th day of December, 1919, to the Secretary, B. P. Kennedy, at the office of the Company in Campbell, Cal. Any stock upon which this assessment shall remain unpaid on the 10th day of Dec., 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before will be sold on the 27th day of December, 1919, to pay the delinquent assessment, together with the costs of advertising and expenses of sale.

Dated Campbell, California, November 6, 1919.
B. P. Kennedy, Sec. of the Santa Clara Valley Water Company.

Notice to Wreckers

Notice is hereby given that sealed proposals or bids will be received by the Board of Trustees of the Campbell Grammar School of Campbell, Santa Clara County, California, up to 6 o'clock p. m. of November 28, 1919, for the purchase of the old school building located on the school grounds at the corner of Rincon Avenue and Los Gatos-Santa Clara Road.

All bids must be for a net cash price for the building and the successful bidder shall remove the building from the grounds and level the ground where it stands now within 90 days after said bid is accepted.

The Board reserves the right to reject any and all bids.

All bids must be addressed to T. A. Robinson, clerk of the Board of School Trustees, Campbell, Cal. By order of the Board of Trustees of Campbell School District.
T. A. ROBINSON, Clerk.

In the Superior Court of the State of California, in and for the County of Santa Clara

In the Matter of)
the Dissolution of) Notice of Hearing
Campbell Realty) of Application for
Company, a Cor-) Dissolution.

NOTICE is hereby given that an application for the dissolution of Campbell Realty Company, a corporation, has been filed in the office of the Clerk of the Superior Court of the State of California, in and for the County of Santa Clara, and will be heard by the said Court at the Courtroom of the Department thereof to which the said matter may hereafter be assigned, in the County Court House, in the city of San Jose, County of Santa Clara, State of California, upon Friday, the 26th day of December, 1919, at the hour of 10 o'clock A. M.

Witness my hand and the Seal of said Court, this 18th day of November, 1919.
(SEAL) Henry A. Pfister, Clerk.
By H. C. Pfister, Deputy Clerk.
Bohnett & Hill, Attorneys for applicant.

THE ECONOMIST'S VIEW

"Perhaps at no other time in this nation's history is the appeal 'Work and Save' as necessary as at present. Manufacturers, financiers, economists and many others including even the more conservative labor leaders, realize that unless we work and work hard, and save and save hard, we are headed for a period of unprecedented hardship. This is not the mere mouthing of a flimsy or professional pessimist. It is a fact, and is supported by innumerable signs everywhere. Every hour wasted and every dollar spent needlessly is like a small dagger thrust at the heart of this country. Enough of these dagger thrusts will finally reach the heart itself. The fact that we are extraordinarily rich furnishes no immunity from ultimate disaster if we waste these riches. The thing to do is for each and every one of us to pull in the same direction, towards national economy. Without it we are lost. With it, we can insure our national future."—"Odd Lot Review."

National economy is only collective personal economy. Quit buying and sink your dollars in government securities such as Thrift and War Savings Stamps and Treasury Savings Certificates.

WAR-TIME THRIFT AND PEACE-TIME SAVING

"Either the people as a whole must finance the government either through taxation or bond purchase, or the government must borrow from individuals, from banks, or from corporations of large fortunes. If it does the latter, these interests hold exactly the same relation to the government that the holder of a first mortgage does to the owner of the property and the payer of the interest. If, on the other hand, the debt is divided between millions of citizens who are the government, the relationship is as different as is a co-operative society from a Urahiah Heep."—William Gibbs McAdoo, in Pictorial Review.

The United States needs the money you invest in War Savings Stamps. Buy them every week. They bring 4 per cent interest compounded every three months. They give you a share in the government of the United States, Un-Ltd.—meaning unlimited.

Average Intelligence.
There have been a number of reports about the results of the psychology tests in the army which are not particularly encouraging. Of course it is all very well to find that more than half of those taken in the draft were of an average or of a higher intelligence and that four out of every 100 were of a "very superior" intelligence and eight to ten out of every 100 of "superior" intelligence. This will probably average up higher than what would be secured in any European country, but the fly in the ointment is the high relative percentage of those who are "below average" intelligence, or of an "inferior" intelligence, or are "very inferior," with several grades and degrees even below the "very inferior."

Locals and Personals

Buy W. S. S.

A. L. Gilson is taking a three-weeks vacation, visiting relatives at Kerman.

R. G. Archibald is driving a new Oak-and-touring car, which he purchased this week.

Mr. and Mrs. T. L. Mendel and Drs. W. H. Crothers and W. I. Merrill will be among those present at the big game tomorrow.

Mr. and Mrs. W. C. Bogan spent last week and the one before in San Francisco, enjoying the sights. Mr. Bogan says in the meantime his farm has gone dry, to add to his joys.

Mrs. Jas. Burns and daughter Katherine left Friday for Portland, where she was called by the death of her nephew in an auto crash, and the illness of her mother and sister as a result of the shock.

Mr. and Mrs. F. O. Bohnett returned from their southern honeymoon trip Saturday, and will now settle down to real housekeeping at the Orange Grove Farm, which Floyd recently purchased of his father.

Mr. and Mrs. Chas. Day, and son, who have been living in the R. G. Dunn house since selling their Virginia avenue home, are moving into the Walter Stray house on North Second street, which the two families will occupy jointly for a time.

Real estate in the vicinity of Campbell is still changing owners rapidly. Mr. Jas. Hiatt has sold his ranch on Los Gatos road to B. J. Talia. The R. J. Dunn property on Los Gatos-Santa Clara road has been sold and Mrs. Henrietta Vrana has bought the three acres belonging to George Isbell on Sunny-oaks avenue.

Invitations have been issued by Mr. and Mrs. Edmund L. Fellows for the wedding of their niece, Thelma P. McCoy, to Vincent V. Adams, the nuptials to be celebrated at Trinity Episcopal church, San Jose, Sunday afternoon, November thirtieth. Miss McCoy is one of the widely known and very popular young ladies of this community and much interest is manifested in the approaching ceremony.

Misses Bohnett Honor Guests

Miss Amanda Schneider entertained twenty friends at dinner Sunday, November 9, in honor of her two cousins, Misses Grace and Lois Bohnett, of Campbell, California, who have been visiting friends and relatives in Ann Arbor for the past few weeks. The Misses Bohnett are making a tour of the United States and Canada which will take over six months. They leave here Thursday and expect to stop at Quebec, and other eastern points, then will go south thru Florida, Mexico and thence home, which they expect to reach in the early part of March.

The above taken from The Ann Arbor (Mich.) News is proof positive that our girls are enjoying themselves and the trip.

Faird-Gullick

Owing to the extreme illness of the bride's father, Mr. Phos. W. Baird, the wedding of Miss Baird and Henry Gullick was held at the home of the groom's brother, Wm. Finckmore, on Wednesday, only the relatives being present.

Mr. Baird passed away at a San Francisco hospital this week. His family were present during his last days.

Mr. and Mrs. Gullick have returned to the Orange Grove Farm, where Mr. Gullick will have charge of the orchard work. They will live in the cozy cottage remodeled expressly for them. We extend to them all best wishes.

Pundita Club

The Pundita Circle of Campbell met at the home of Mrs. Davidson, on Budd avenue, November 19, and Mrs. Crawford, who recently returned from an extended visit in Seattle, Washington, told many interesting facts about that city of wonderful growth, its beautiful "Woodland Park," its ever-increasing number of sky-scrapers, its University, and all the improvements that unite to make a city of commercial progress.

Musical selections on the Brunswick were listened to with pleasure, and delicious sandwiches, cookies and coffee were enjoyed by all the ladies present. The next meeting will be at the home of Mrs. James Turner, December 3, when Mrs. Stephen Jones will give a talk on "Boston, and vicinity."

Impossible.
"Why don't Bill's relatives put a good face on his marriage?"
"Put a good face on it! Have you seen the girl's?"

Co-operation Popular With Ranchers

Mr. F. W. Pearson, field representative of the Fruit Growers of California Inc., has been working in the vicinity of Campbell for a short time past, and will continue in this section of the valley for several weeks longer, in the interests of this much needed co-operative organization of orchardists. Among the directors of the Fruit Growers of California is Mr. E. K. Clendenning, a well known Campbell man, and Mr. Pearson reports splendid success in signing up the acreage of other fruit growers in this neighborhood, among whom are Messrs. Merrill, Priestley, Parso, Brown, Harper, Smith, Lopez, Gomes, Nunes, Mrs. Ferro, and others. All the growers thus far approached are greatly pleased with the opportunity for co-operation in marketing their fruit in a collective way, and Mr. Pearson is confident of securing many more members hereabouts.

The principles and methods of work for attaining the best results in both price and handling, together with prompt returns to the orchardists, have been highly endorsed, after careful investigation, by the Merchants' Association of San Jose and by the California Prune and Apricot Association. These endorsements speak volumes for the confidence placed in the new organization and its officers, as well as recognition of its ability to fulfill its plans by the business men of San Jose and the orchardists of the Santa Clara valley and state as represented in the Prune and Apricot Association.

It is the announced intention of the Fruit Growers of California, Inc., to get all the plans in complete working order for the efficient handling of fresh fruits next year. This will apply to cherries, apricots, peaches, and possibly some others, the scope of the system being determined largely by the growers themselves, and the volume of acreage signed up covering the several varieties of fruits sold, fresh for immediate consumption, canning or shipment.

Purpose of Health Center

What is a community health service and what would it do for Campbell?

A Community Health Service includes a Health Center and a Field Worker. The Health Center makes it possible for every mother and child to have regular physical examinations and instruction in the laws of health and hygiene.

There the children's year work will be continued and constant watch kept over school children so that they never suffer from preventable diseases, and the expectant mother may obtain the latest instructions for the welfare of herself and child.

The nurse will follow up the recommendations of the examining physician at the health center and at the schools, and will assist the Health Officer and your family physician. She will also see that medical attention is available to those who cannot afford such service.

This service can be obtained in Campbell by cooperating through the Good Cheer Club, which is a county health organization, the American Red Cross Public Health Service, The Metropolitan Life Insurance Co. Welfare Service, and the Health Work supported by private individuals and public funds. This affiliation makes it possible to have the service at a minimum expense.

There is also the advantage of having the work standardized and supervised, and having access to the latest laboratory methods of diagnosis for critical cases.

Work of P. T. A.

The mission of the Home and School Clubs throughout the state is a matter of intense interest to all concerned in promoting education along its various lines.

It has been said that our children practically live in the schools and sleep at home. This is so near the truth that it behooves the parents and teachers to use every means possible in making the school opportunities desirable, taking advantage of modern science in all its branches.

Cooperation of parents and teachers through the Home and School Club aids largely in bringing the community to a full understanding of its needs in promoting child-welfare thru education.

The Home and School Clubs in our various districts are endeavoring to promote a common tie of interest, each according to its special needs, helping to furnish the schools with useful modern conveniences.

The motion picture is being recognized largely as a means to education, and under the direction of the school and P. T. A., a series of entertainments will be given in the auditorium of the Grammar school. The Home and School Club has installed the machine, and every one is invited to attend these entertainments, thereby helping in a good cause in paying for our machine.

Found:—One Swiss rib lens for auto-light. Owner prove property and pay for this notice at Press office.

PATRIOTS GET POOR REWARD

British Soldiers Who Won High Distinction Have a Right to Complain of Ingratitude.

Attention has been directed to the hard case of men who won distinction in the great war, and seem to have been forgotten, by two dramatic incidents. One is the public statement by Sir Douglas Haig that a demobilized officer who won the V. C., D. S. O., and M. C., is at present trudging the streets of London in search of work. The other is the announcement that Mr. Arthur Richings has rejoined the Cardiff police force as an ordinary constable, notwithstanding the fact that he has just relinquished the army rank of Lieutenant colonel.

The latter's record is an astounding one. He was promoted second lieutenant on the field, and his subsequent promotions were astonishingly rapid. Mentioned in dispatches three times, he wears six wound stripes, the Mons Star, the Croix de Guerre (with palms), the Military Cross, and is also a Chevalier of the Legion of Honor. Perhaps one may be pardoned for questioning whether there is not something wrong with an army administration which allows a man with an active service record like that to disappear into the decent obscurity of a police constable's tunic.—Montreal Family Herald.

Doing Him a Favor.

When my cousin, newly commissioned, was sent to Camp Grant he found himself in command of a lot of draft men drawn mainly from our slum district. One in particular took quite a fancy to him and never lost a chance of doing him a favor.

One day after the man had been in camp only a week or so he ran breathlessly up to my cousin, who was in the far end of a trench. He remembered to salute after a fashion, then stood plainly trying to think what to do next. Finally he burst out, "Bent it, mister, while de goin's good. De boss is after yonse, and gosh, he's sore!"

The colonel was at the other end of the trench calling for the officer in charge.—Chicago Tribune.

Paid a War Bet.

War bets are now being paid by the people who were wont to say, "You can't beat Germany." Morgan J. O'Brien, former judge of the Supreme court of New York, recently gave "the best dinner that money could buy" to Gen. Coleman Dupont and 25 of the latter's friends, because of a difference of opinion as to German prowess. The justice thought the allies could not get into Soissons last year by a certain date; the general was sure they could. They did; and the outcome for which Judge O'Brien paid a heavy bill, was called the "Soissons dinner."—The Outlook.

Refuses His Own Medicine.
Reform is always intended for the other man. Never was a reformer who prescribed it for himself.—Columbia (S. C.) State.

Why Buy New Clothes

when you can have your old ones cleaned and dyed, and made like new, at small cost?
